

CANAL

(words & music Mike Ford SOCAN 2007)

If you don't look down
It doesn't seem so high
But slippery on the scaffold
Scraping the walls of the Welland
For the steamers to ply
Navy don't look down

With nothing to your name
You walked from Montreal
To the roar of Niagara
Watching the Frenchmen and Iroquois
Into the cavity fall
With none to know their name

Oh Canal
Oh Canal
Dig yourself Canal

Scraping the walls of the Welland
For the steamers to ply
Navy don't look down
